PROFESSIONAL SUMMARY

Results-driven Computer Science Engineering student with hands-on experience in Python, Machine Learning, and Generative AI. Built end-to-end AI solutions including a RAG pipeline using LangChain, Llama-3.1, and ChromaDB, and a deployed data analytics dashboard with Streamlit. Proficient in TensorFlow/PyTorch-compatible ML workflows, data preprocessing, model development, and analytical thinking. Seeking a Software Development, AI/ML, or Full-Stack Internship where I can apply my technical skills, contribute to real-world projects, and continuously learn modern technologies.

EDUCATION

Silver Oak University <i>B.Tech in Computer Science Engineering CGPA: 9.11</i>	Ahmedabad, Gujarat 2024 – 2028
Silver Oak University <i>B.Tech Honours – Artificial Intelligence & Data Science Sem 1: O (Outstanding – 100%)</i>	Ahmedabad, Gujarat 2025 – Present
Higher Education <i>12th Grade – 84.20%</i>	Mar 2024
Secondary Education <i>10th Grade – 83.00%</i>	Mar 2022

TECHNICAL SKILLS

Languages: Python, SQL, JavaScript, Java (Basic), C, C++
AI / ML: Machine Learning, EDA, NLP Fundamentals, Generative AI, RAG Pipelines, Model Development, Data Preprocessing
Libraries & Frameworks: NumPy, Pandas, Scikit-learn, Matplotlib, Seaborn, Streamlit, LangChain, ChromaDB, HuggingFace Transformers
Deep Learning: TensorFlow (Fundamentals), PyTorch (Fundamentals), Neural Networks
Web Development: React.js, Node.js, HTML, CSS, Bootstrap, REST API (Basics)
Tools & Platforms: Git, GitHub, Google Colab, VS Code, Figma, Netlify, Streamlit Cloud
Core Competencies: Object-Oriented Programming (OOP), Problem Solving, Logical Thinking, Data Structures (Basics), Database Management, Software Development Lifecycle (SDLC), Team Collaboration

PROJECTS

Tata Sustainability AI Assistant | *Python, LangChain, Llama-3.1, ChromaDB, HuggingFace*

- Built an end-to-end Retrieval-Augmented Generation (RAG) system for ESG document analysis.
- Integrated LangChain orchestration with ChromaDB vector store and HuggingFace sentence-transformer embeddings.
- Implemented semantic search and context-aware response generation using open-source Llama-3.1 LLM.
- Reduced hallucinated outputs significantly by grounding responses in retrieved document chunks.
- Designed a scalable document ingestion and chunking pipeline for efficient indexing.
- Applied Object-Oriented Programming, software development principles, and debugging techniques while developing the application.

Netflix EDA Dashboard | *Python, Pandas, Streamlit, Matplotlib, Seaborn* | [Live Demo](#)

- Analyzed and preprocessed 8,000+ Netflix titles using Python and Pandas for structured EDA.
- Created interactive visualizations revealing genre trends, content distribution, and release patterns.
- Developed a Streamlit dashboard with dynamic filtering and real-time data exploration capabilities.
- Deployed application on Streamlit Cloud; demonstrates full data pipeline from raw data to production.
- Demonstrated analytical thinking, problem-solving, and data visualization skills through an interactive web dashboard.

CERTIFICATIONS & ACHIEVEMENTS

Python Programming with Red Hat (AD141-RHA) Ver. 9.0 – Red Hat 32 credit hours covering enterprise Python scripting and automation.	<i>Jun 2026</i>
Artificial Intelligence Fundamentals – IBM SkillsBuild Covered core AI concepts, supervised/unsupervised learning, and neural networks.	<i>Jun 2026</i>
From User to Builder: AI, Data Science & Agentic Systems – IBM SkillsBuild Comprehensive learning plan covering AI pipelines, data science, and agentic system design.	<i>Jun 2026</i>
Green Skills and Artificial Intelligence – Edunet Foundation Applied ML techniques to environmental datasets using NumPy and Pandas for analysis and visualization.	
JavaScript – EduPyramids, IIT Bombay (SINE) Score: 92.50% High-scoring certification demonstrating strong front-end development fundamentals.	<i>Mar 2026</i>
NPTEL – Cloud Computing (12-Week Certification) Completed NPTEL course covering cloud infrastructure and deployment concepts.	<i>Jul – Oct 2025</i>
AINCAT 2026 – Naukri Campus (All India Career Aptitude Test) Participated in India's largest career aptitude test conducted by Naukri Campus.	<i>Jun 2026</i>
